Pupils are admitted directly and through Herefordshire Council's Admissions Procedure.

Achievements and Performance

The school attendance between September 2012 and August 2013 was 96% which is a good indicator that pupils are enjoying their education journey.

At Key Stage 1

We saw our first Year 1 phonics tests with 67% of pupils working above the expected level of achievement and achieving the highest grading.

Of course, preparation for the SATs is important as it prepares pupils for the next stage of their educational journey. It is crucial that pupils begin secondary school achieving the results they deserve in order that future provision is tailored to their needs. It must however be remembered that academic success is only a small part of St Mary's achievement. Producing confident well-rounded pupils who are both helpful and polite is another important aspect of our community school.

Also, alongside the pupil's learning Journey a broad curriculum with educational enrichment has developed interest and motivated. Forest School, swimming and cookery all help to develop pupils' skills. School clubs including football, guitar and choir along with trips to the Dick Whittington Pantomime, Judges Lodge, Wyrd Sisters Production, Three Churches and St Fagan's also enrich education in the wider sense of the word.

Financial Review

St Mary's Church of England Primary School recognises the responsibility it has under the Companies Act 2006 s417 to disclose the principal risks and uncertainties it may face. The School acknowledges that its ability to provide for pupils the continuing advancement of education is reliant upon the agreed public funding levels, distributed to the School in the form of the GAG and LACSEG. The Free School acknowledges that its planned level of expenditure must not exceed known income now and the future income. In doing so it pays due regard to the proportion of costs spent on staffing. It prepares detailed budget plans for the current year and there is a robust internal financial monitoring. A Finance Committee is in place and meets regularly to further monitor the budget.

Financial Report for the Year

The School like all Free Schools receives its funding from the EFA. During the period ending 31st August 2013 our total expenditure of £128,425 was less than the recurrent grant funding from the EFA. The excess of income over expenditure for the period was £12,588.

At 31st August 2013 the net value of fixed assets was £18,507; the assets were used exclusively to provide education for pupils.

Our funding is linked directly to our pupil numbers. Our Pupil Admission Number is 56 (Funding agreement section 17). We also received £10,000 start-up grant. For each of the next two years, a

St Mary's Church of England Primary Academy, Dilwyn Trustees' Report for the Period Ended 31 August 2013 (continued)

further £15,000 will be received. Thereafter, this grant will be removed from our funding meaning our numbers become more critical in 2015/16.

There have been two Capital Funded projects. Building project: £10,438 and IT: £17,815

Financial and Risk Management Objectives and Policies

St Mary's has a robust financial policy. We have taken part in the EFA self- assessment procedures and a business continuity policy is in place.

Principal risks and uncertainties

Adequate insurance to cover continuity of education, future pupil numbers and future government funding for Free Schools

Reserves Policy

As there will undoubtedly be fluctuations in salaries, pupil numbers and expenditure, a contingency has been set aside. It is hoped to increase this to a sum that is equal to one month's expenditure (which is currently between £15, 000 and £17, 000). This acts as a cushion to deal with the unexpected.

Investment Policy

Currently the contingency has been placed in a cheque account at Lloyds Bank. However, in the future the Finance Committee will look at deposit accounts to maximise interest.

Plans for Future Periods

The Governors and Principal will continue to work to maintain the current upward trend in numbers and pupil attainment.

The Governors and Principal will work so the Free School at least achieves a Good status under the new Ofsted framework.

The Governors and Principal will work to obtaining a minibus when the school is financially secure.

Scope of Responsibility

As trustees we acknowledge we have overall responsibility for ensuring that St Mary's Church of England Primary Academy, Dilwyn has an effective and appropriate system of control, financial and otherwise. However, such a system is designed to manage rather than eliminate the risk of failure to achieve business objectives, and can provide only reasonable and not absolute assurance against material misstatement or loss.

The board of trustees has delegated the day-to-day responsibility to the Principal as accounting officer, for ensuring financial controls conform with the requirements of both propriety and good management and in accordance with the requirements and responsibilities assigned to it in the funding agreement between St Mary's Church of England Primary Academy, Dilwyn and the Secretary of State for Education. They are also responsible for reporting to the board of trustees any material weaknesses or breakdowns in internal control.

The Purpose of the System of Internal Control

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate risk of failure to achieve policies, aims and objectives. It can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on

St Mary's Church of England Primary Academy, Dilwyn Governance Statement (continued)

an on-going process designed to identify and prioritise the risks to the achievement of academy trust policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently and economically. The system of internal control has been in place in St Mary's Church of England Primary Academy, Dilwyn for the period 1st January 2013 to 31st August 2013 and up to the date of approval of the annual report and financial statements.

Capacity to Handle Risk

The Governing Body has reviewed the key risks to which the Academy Trust is exposed, together with the operating, financial and compliance controls that have been implemented to mitigate those risks. The Governing Body is of the view that there is a formal on-going process for identifying, evaluating and managing the Free School's significant risks that has been in place for the year ending 31st August and up to the date of approval of the annual report and financial statements. This process is regularly reviewed by the Governing Body.

The Risk and Control Framework

The Free School system of internal financial control is based on a framework of regular management information and administrative procedures including the segregation of duties and a system of delegation and accountability. In particular, it includes:

- Comprehensive budgeting and monitoring systems with an annual budget set and periodic financial reports which are reviewed and agreed by the Governing Body.
- Regular reviews by the Finance Committee of reports which indicate financial performance against the forecast and major purchase plans, capital works and expenditure programmes.
- The setting of targets to measure financial and other performance.
- Delegation of authority and segregation of duties to the Finance Committee and Principal.
- The identification and management of risk.

The Governing body does not have an internal auditor. However the Governors have appointed Tom Hawksley as Responsible Officer (RO). The RO performs a range of checks to ensure that procedures are being followed. The RO reports back to the Finance Committee which then reports back to the Governing Body.

The board of trustees has considered the need for a specific internal audit function and has decided:

- To appoint Tom Hawksley as Responsible Officer (RO). The RO performs a range of checks to ensure that procedures are being followed. The RO reports back to the Finance Committee which then reports back to the Governing Body.

We confirm that the RO function has been fully delivered in line with the EFA's requirements. These arrangements have provided reasonable assurance that assets are safeguarded, transactions are authorised and material errors and irregularities are either prevented or would be detected within a timely period.

Under company law the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of its incoming resources and the application of resources, including its income and expenditure, for that period. In preparing these financial statements, the trustees are required to:

- Select suitable accounting policies and then apply them consistently;

St Mary's Church of England Primary Academy, Dilwyn Independent Reporting Auditor's Assurance Report on Regularity to St Mary's Church of England Primary Academy, Dilwyn and the Education Funding Agency

In accordance with the terms of our engagement letter dated 15th October 2013 and further to the requirements of the Education Funding Agency (EFA) as included in the Academies Accounts Direction 2013, we have carried out an engagement to obtain limited assurance about whether, the expenditure disbursed and income received by St Mary's Church of England Primary Academy, Dilwyn during the period 1st January 2013 to 31 August 2013 have been applied to the purposes identified by Parliament and the financial transactions conform to the authorities which govern them.

This report is made solely to the governing body and the EFA. Our review work has been undertaken so that we might state to St Mary's Church of England Primary Academy, Dilwyn and the EFA those matters we are required to state to it in a report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other St Mary's Church of England and Primary Academy and the EFA, for our review work, for this report, or for the opinion we have formed.

Respective responsibilities of St Mary's Church of England Primary Academy, Dilwyn's accounting officer and the reporting auditor

The accounting officer is responsible, under the requirements of St Mary's Church of England Primary Academy, Dilwyn's funding agreement with the Secretary of State for Education dated 13th November 2012 and the Academies Financial Handbook, extant from 1 September 2012, for ensuring that expenditure disbursed and income received is applied for the purposes intended by Parliament and the financial transactions conform to the authorities which govern them.

Our responsibilities for this engagement are established in the United Kingdom by our profession's ethical guidance and are to obtain limited assurance and report in accordance with our engagement letter and the requirements of the Academies Accounts Direction 2013. We report to you whether anything has come to our attention in carrying out our work which suggests that in all material respects, expenditure disbursed and income received during the period 1st January 2013 to 31st August 2013 have not been applied to purposes intended by Parliament or that the financial transactions do not conform to the authorities which govern them.

Approach

We conducted our engagement in accordance with the Academies: Accounts Direction 2013 issued by the EFA. We performed a limited assurance engagement as defined in our engagement letter.

The objective of a limited assurance engagement is to perform such procedures as to obtain information and explanations in order to provide us with sufficient appropriate evidence to express a negative conclusion on regularity.

A limited assurance engagement is more limited in scope than a reasonable assurance engagement and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in a reasonable assurance engagement. Accordingly, we do not express a positive opinion.

Our engagement includes examination, on a test basis, of evidence relevant to the regularity and propriety of the academy trust's income and expenditure.

St Mary's Church of England Primary Academy, Dilwyn Independent Reporting Auditor's Assurance Report on Regularity to St Mary's Church of England Primary Academy, Dilwyn and the Education Funding Agency (continued)

The work undertaken to draw to our conclusion includes:

- Review of the financial statements and minutes of trustees / finance committee meetings.
- Evaluation of internal controls and procedures to support the Accounting Officer's signing off of the regularity statement.
- Detailed testing of the relevant internal controls and enquiries to the appropriate officers of the Academy.

Conclusion

In the course of our work, nothing has come to our attention which suggests that in all material respects the expenditure disbursed and income received during the period 1st January 2013 to 31 August 2013 has not been applied to purposes intended by Parliament and the financial transactions do not conform to the authorities which govern them.

1. Statement of Accounting Policies

Basis of Preparation

The financial statements have been prepared under the historical cost convention in accordance with applicable United Kingdom Accounting Standards, the Charity Commission 'Statement of Recommended Practice: Accounting and Reporting by Charities' ('SORP 2005'), the Academies Accounts Direction issued by the EFA and the Companies Act 2006. A summary of the accounting policies, which have been applied consistently, except where noted, is set out below.

Going Concern

The trustees assess whether the use of going concern is appropriate i.e. whether there are any material uncertainties related to events or conditions that may cast significant doubt on the ability of the company to continue as a going concern. The trustees make this assessment in respect of a period of one year from the date of approval of the financial statements.

Incoming Resources

All incoming resources are recognised when the academy trust has entitlement to the funds, certainty of receipt and the amount can be measured with sufficient reliability.

- **Grants Receivable**

Grants are included in the Statement of Financial Activities on a receivable basis. The balance of income received for specific purposes but not expended during the period is shown in the relevant funds on the balance sheet. Where income is received in advance of entitlement of receipt its recognition is deferred and included in creditors as deferred income. Where entitlement occurs before income is received, the income is accrued.

General Annual Grant is recognised in full in the year for which it is receivable and any unspent amount is reflected as a balance in the restricted general fund. Capital grants are recognised when receivable and are not deferred over the life of the asset on which they are expended. Unspent amounts of capital grant are reflected in the balance in the restricted asset fund.

- **Donations**

Donations are recognised on a receivable basis where there is certainty of receipt and the amount can be reliably measured.

- **Other Income**

Other income, including the hire of facilities, is recognised in the period it is receivable and to the extent the goods have been provided or on completion of the service.

Resources Expended

All expenditure is recognised in the period in which a liability is incurred and has been classified under headings that aggregate all costs related to that category. Where costs cannot be directly attributed to particular headings they have been allocated on a basis consistent with the use of resources, with central staff costs allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use. Other support costs are allocated based on the spread of staff costs.

- **Cost of Generating Funds**

These are costs incurred in attracting voluntary income, and those incurred in trading activities that raise funds.

St Mary's Church of England Primary Academy, Dilwyn

Notes to the Financial Statements for the Period Ended 31 August 2013 (continued)

1. Statement of Accounting Policies (continued)

▪ Charitable Activities

These are costs incurred on the academy trust's educational operations.

▪ Governance Costs

These include the costs attributable to the academy trust's compliance with constitutional and statutory requirements, including audit, strategic management and trustees' meetings and reimbursed expenses.

All resources expended are inclusive of irrecoverable VAT.

Tangible Fixed Assets

Assets costing £500 or more are capitalised as tangible fixed assets and are carried at cost, net of depreciation and any provision for impairment.

Where tangible fixed assets have been acquired with the aid of specific grants either from the government or from the private sector, they are included in the Balance Sheet at cost and depreciated over their expected useful economic life. The related grants are credited to a restricted fixed asset fund in the Statement of Financial Activities and carried forward in the Balance Sheet. Depreciation on such assets is charged to the restricted fixed asset fund in the Statement of Financial Activities so as to reduce the fund over the useful economic life of the related asset on a basis consistent with the academy trust's depreciation policy.

Depreciation is provided on all tangible fixed assets other than freehold land, at rates calculated to write off the cost of each asset on a straight line basis over its expected useful life, as follows:

▪ Fixtures, fittings and equipment	20%
▪ ICT equipment	33%

Assets in the course of construction are included at cost. Depreciation on these assets is not charged until they are brought in to use.

A review of impairment of a fixed asset is carried out if events or changes in circumstances indicate that the carrying value of any fixed asset may not be recoverable. Shortfalls between the carrying value of fixed assets and their recoverable amounts are recognised as impairments. Impairment losses are recognised in the Statement of Financial Activities.

Leased Assets

Rentals under operating leases are charged on straight line basis over the lease term.

Taxation

The free school is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore meets definition of a charitable company for UK corporation tax purposes. Accordingly, the academy trust is potentially exempt from taxation in respect of income or capital gains received within categories covered by chapter 3 part 11 of the Corporation Tax Act 2010 or Section 256 of the taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively for charitable purposes.

Pensions Benefits

Retirement benefits to teachers of the free school are provided by the Teachers' Pension Scheme ("TPS"). This is a defined benefit scheme and the assets are held separately from those of the free school.

The TPS is an unfunded scheme and contributions are calculated so as to spread the cost of the pensions over employees' working lives with the academy trust in such a way that the pension cost is a substantially level percentage of the current and future pensionable payroll. The contributions are determined by the government Actuary on the basis of quinquennial valuations using a prospective benefit method. As stated in Note 20, the TPS is a multi-employer scheme and the academy trust is unable to identify its share of the underlying assets and liabilities of the scheme on a consistent and

reasonable basis. The TPS is therefore treated as a defined contribution scheme and the contributions recognised as they are paid each year.

Fund Accounting

Unrestricted income funds represent those resources which may be used towards meeting any of the charitable objects of the academy trust at the discretion of the trustees.

Restricted fixed asset funds are resources which are to be applied to specific capital purposes imposed by the Education Funding Agency where the asset acquired or created is held for a specific purpose.

Restricted general funds comprise all other restricted funds received and include grants from the Education Funding Agency.

Notes to the Financial Statements for the Period Ended 31 August 2013 (continued)

20. Pension and Similar Obligations

The academy's employees belong to one principal pension scheme: the Teachers' Pension Scheme England and Wales (TPS) for academic and related staff.

The pension costs are assessed in accordance with the advice of independent qualified actuaries. The latest actuarial valuation of the TPS related to the period ended 31 March 2004.

Contributions amounting to £1,598 were payable to the scheme at 31 August and are included within creditors.

Teachers' Pension Scheme

Introduction

The Teachers' Pension Scheme (TPS) is a statutory, contributory, defined benefit scheme, governed by the Teachers' Pension Regulations (2010). These regulations apply to teachers in schools that are maintained by local authorities and other educational establishments, including academies, in England and Wales. In addition teachers in many independent and voluntary-aided schools and teachers and lecturers in some establishments of further and higher education may be eligible for membership. Membership is automatic for full-time teachers and lecturers and from 1 January 2007 automatic too for teachers and lecturers in part-time employment following appointment or change of contract. Teachers and lecturers are able to opt out of the TPS.

The Teachers' Pension Budgeting and Valuation Account

Although members may be employed by various bodies, their retirement and other pension benefits are set out in regulations made under the Superannuation Act (1972) and are paid by public funds provided by Parliament. The TPS is an unfunded scheme and members contribute on a "pay as you go" basis – these contributions along with those made by employers are credited to the Exchequer under arrangements governed by the above Act.

The Teachers' Pension Regulations require an annual account, the Teachers' Pension Budgeting and Valuation Account, to be kept of receipts and expenditure (including the cost of pensions' increases). From 1 April 2001, the Account has been credited with a real rate of return, which is equivalent to assuming that the balance in the Account is invested in notional investments that produce the real rate of return.

Valuation of the Teachers' Pension Scheme

At the last valuation, the contribution rate to be paid in to the TPS was assessed in two parts. First, a standard contribution rate (SCR) was determined. This is the contribution, expressed as a percentage of the salaries of teachers and lecturers in service or entering service during the period over which the contribution rate applies, which if it were paid over the entire active service of these teachers and lecturers would broadly defray the cost of benefits payable in respect of that service. Secondly, a supplementary contribution is payable if, as a result of the actuarial review, it is found that accumulated liabilities of the Account for benefits to past and present teachers, are not fully covered by standard contributions to be paid in future and by the notional fund built up from past contributions. The total contribution rate payable is the sum of the SCR and the supplementary contribution rate.

The last valuation of the TPS related to the period 1 April 2001 to 31 March 2004. The Government Actuary's report of October 2006 revealed that the total liabilities of the scheme (pensions in payment and the estimated costs of future benefits) amounted to £166,500. The

St Mary's Church of England Primary Academy, Dilwyn

Notes to the Financial Statements for the Period Ended 31 August 2013 (continued)

value of the assets (estimated future contributions together with the proceeds from the notional investments held at valuation date) was £163,240 million. The assumed real rate of return was 3.5% in excess of prices and 2% in excess of earnings. The rate of real earnings growth was assumed to be 1.5%. The assumed gross rate of return was 6.5%. From 1 January 2007, the SCR was assessed at 19.75%, and the supplementary contribution rate was assessed to be 0.75% (to balance assets and liabilities as required by the regulations within 15 years). This resulted in a total contribution rate of 20.5%, which translated into an employee contribution rate of 6.4% and employer contribution rate of 14.1% payable.

Actuarial scheme valuations are dependent on assumptions about the value of future costs, the design of benefits and many other factors. Many of these assumptions are being considered as part of the work on the reformed TPS, as set out below. Scheme valuations therefore remain suspended. The Public Services Pensions Bill, which is being debated in the House of Commons, provides for future scheme valuations to be conducted in accordance with Treasury directions. The timing for the next valuation has still to be determined, but it is likely to be before the reformed schemes are introduced in 2015.

Teachers' Pension Scheme Changes

Lord Hutton published his final report in March 2011 and made recommendations about how pensions can be made sustainable and affordable, whilst remaining fair to the workforce and the taxpayer. The Government accepted Lord Hutton's recommendations as the basis for consultation and Ministers engaged in extensive discussions with trade unions and other representative bodies on reform of the TPS. Those discussions concluded on 9 March 2012 and the department published a Proposed Final Agreement, setting out the design for a reformed TPS to be implemented from 1 April 2015.

The key provisions of the reformed scheme include: a pension based on career average earnings; an accrual rate of 1/57th; and a Normal Pension Age equal to the State Pension Age, but with options to enable members to retire earlier or later than their Normal Pension Age. Importantly, pension benefits built up before April 2015 will be fully protected.

In addition, the Proposed Final Agreement includes a Government commitment that those within 10 years of Normal Pension Age on 1 April 2012 will see no change to the age at which they can retire, and no decrease in the amount of pension they receive when they retire. There will also be further transitional protection, tapered over a three and a half year period, for people who would fall just outside of the 10 year protection.

In his interim report of October 2010, Lord Hutton recommended that short-term savings were also required, and that the only realistic way of achieving these was to increase member contributions. At the Spending Review 2010 the Government announced an average increase of 3.2 percentage points on the contribution rates by 2014-15. The increases were to be phased in from April 2012 on a 40:80:100% basis.

Under the definitions set out in Financial Reporting Standard (FRS 17) Retirement Benefits, the TPS is a multi-employer pension scheme. The academy is unable to identify its share of the underlying assets and liabilities of the scheme. Accordingly, the academy has taken advantage of the exemption in FRS 17 and has accounted for its contributions to the scheme as if it were a defined contribution scheme. The academy has set out above the information available on the scheme.

21. Related Party Transactions

Owing to the nature of the academy trust's operations and the composition of the board of trustees being drawn from local public and private sector organisations, transactions may take place with organisations in which a trustee has an interest. All transactions involving such organisations are conducted at arm's length and in accordance with the academy trust's financial regulations and normal procurement procedures.

The following related party transactions took place in the period of account:
